

K & L has been the leading supplier of concrete around the Putnam and surrounding counties since 1957. Since the first day our doors opened in [Kalida, OH](#) we have been committed to supplying the best product to our customers. Which is why over the years we have expanded to multiple locations to better serve you. Since that first day we have expanded to 6 locations.

New editions include

[Va](#)

[n Wert, OH](#)

and

[Delphos, OH](#)

, which opened their doors in 2009, & our newest division is

[Leipsic, OH](#)

. In 2004, our company invested in front load/discharge ready mix trucks that have helped eliminate the need for contractors to run the chutes that place the concrete. Also, we are proud to offer our new conveyor trucks that can reach up to 40 feet. We also have our standard trucks that have lower clearance to 11' 8". It is our mission and our history has always been written on one saying, "Our mission is to provide the consumer with the product that they expect at a price that is reasonable based on their specifications."

Look for new things to come in the following couple of years! Thanks for your devoted business!

-Ron Kahle Jr., *President*
